Extrinsic Motivation

Intrinsic Motivation

- VNĚJŠÍ - odměna, trest, emoční odměna, “muset”
- VNITŘNÍ - smysl, vnitřní impulz, vnitřní autorita, naplnění esence, seberealizace, požitok, zvědavost, sebevyjádření, “chtít”

Platí to i pro učení?

10 MOTIVATION TIPS

- 1 SET YOUR GOAL**
Your training needs to have a purpose. Take the time to set your goal and establish some strategies to achieve it.
- 2 FIND NEW CHALLENGES**
Set yourself up for some victories along the way by finding related fitness challenges.
- 3 BE HELD ACCOUNTABLE**
Elite athletes need a coach to keep them motivated, so do you. Find someone you can discuss your goals with and ask them to keep you accountable.
- 4 UNDERSTAND YOUR MOTIVATION**
Ask yourself "Why?". Make your goal personal and understand why it's important to you.
- 5 AVOID INJURY OR ILLNES**
Training safely with correct technique and exercise programming, dieting sensibly and focusing on recovery will help you avoid the pitfalls of exercise related injuries and illness.
- 6 MONITOR YOUR PROGRESS**
Seeing results (or not seeing results) is a powerful motivator. The most effective monitoring is achieved by keeping it simple. Measure a value that's consistent & relevant to your goals.
- 7 ESTABLISH REWARDS FOR SUCCESS**
Establish a reward for your success in advance so you can use it as a motivator throughout your training.
- 8 ESTABLISH CONCEQUENCES FOR NOT SUCCEEDING**
If we're going to reward ourselves for success there should be consequences for not succeeding, right?
- 9 MIX THINGS UP**
Doing the same workout all the time can be demotivating. Keep things different, varied and fun.
- 10 DON'T LET SMALL SETBACKS STOP YOU**
Despite your best efforts you will encounter small set backs, we all do - don't let them snowball. Address them early, move past them and get back on track as soon as possible.

INSPIRE WELLNESS

6 Tips for Staying Motivated

We know sometimes the journey is hard, so encouragement, motivation & inspiration are essential. Here are six tips for staying motivated & inspiring wellness.

celebrate the journey

- Add smaller, short-term wellness goals to your daily routine
- Keep big, long-term goals in sight by celebrating small successes each day

I think you should GO FOR IT!

find your wellness squad

- Find a work-out buddy, online community or wellness classes at work
- Tell people about your goals & journey, focusing on those who help you stay motivated & accountable
- Don't forget to celebrate achievements (big & small) with your support squad

consult health & fitness experts

- Seek out experts, like a personal trainer, registered dietitian & your doctor, to help support your wellness goals with advice, tips, training & more
- Schedule 1-month or 3-month check-ins to help you stay accountable & celebrate success

keep a wellness journey journal

- Journaling can help you look back & evaluate your progress, plus identify good (& not-so-good) habits
- Fill your journal with inspiration — add motivational quotes & pictures to help keep you going

make wellness about healthy habits

- Make wellness a part of your lifestyle & identity, not just a goal that you are trying to achieve
- Embrace healthy habits as a part of who you are to make long-term health changes
- Invite friends & family to start a wellness journey of their own, growing your healthy-habits community

MOTIVATION is what gets you started
HABIT is what gets you there

10 INSANELY ACTIONABLE GUITAR PRACTICE MOTIVATION TIPS THAT IMPROVE YOUR GUITAR PLAYING TODAY

www.tomhess.net
© Tom Hess Music Corporation

TIP #1

FIND NEW WAYS TO PLAY FAMILIAR GUITAR LICKS (AND TECHNIQUES)

Play guitar licks and techniques you already know with new phrasing and practice applying them in new contexts.

TIP #2

ASK YOURSELF THE SCARIEST QUESTION OF ALL TIME (FOR GUITARISTS)

What if you could not play guitar ever again? Imagine how you would then feel about all the missed opportunities you could have used for practicing.

TIP #3

USE THE 5-MINUTE TRICK TO BUILD GUITAR PRACTICE MOMENTUM

Pick up the guitar to practice just for 5 minutes and then give yourself permission to put it down if you don't feel like practicing more.

TIP #5

TURN GUITAR PRACTICE INTO A GAME

Track your musical progress with all the skills you practice. Challenge yourself to make more progress each week than you did the week before.

TIP #7

GET ON THE GUITAR PLAYING SUCCESS TRAIN

Surround yourself with other musicians who are on the same mission as you.

TIP #4

CREATE AN IMAGINARY DRILL SERGEANT

Imagine your favorite guitarist(s) cheering you on while you practice.

TIP #6

TRAVEL BACK IN TIME MENTALLY

Imagine if you gave up on guitar after 2 months of playing. You would never be the guitarist you are today. The more you procrastinate on your guitar practicing today, the less likely you are to become the guitar player you want to be.

TIP #8

TRAVEL FORWARD IN TIME

Visualize yourself playing the way you want to play and others admiring you for your awesome musical skills.

TIP #9

FLIP YOUR GUITAR PLAYING UPSIDE DOWN

Practice something you've never practiced before, explore a different style or learn a new song. Do something to get out of your normal practice routine and make your practicing feel new, fresh and exciting.

TIP #10

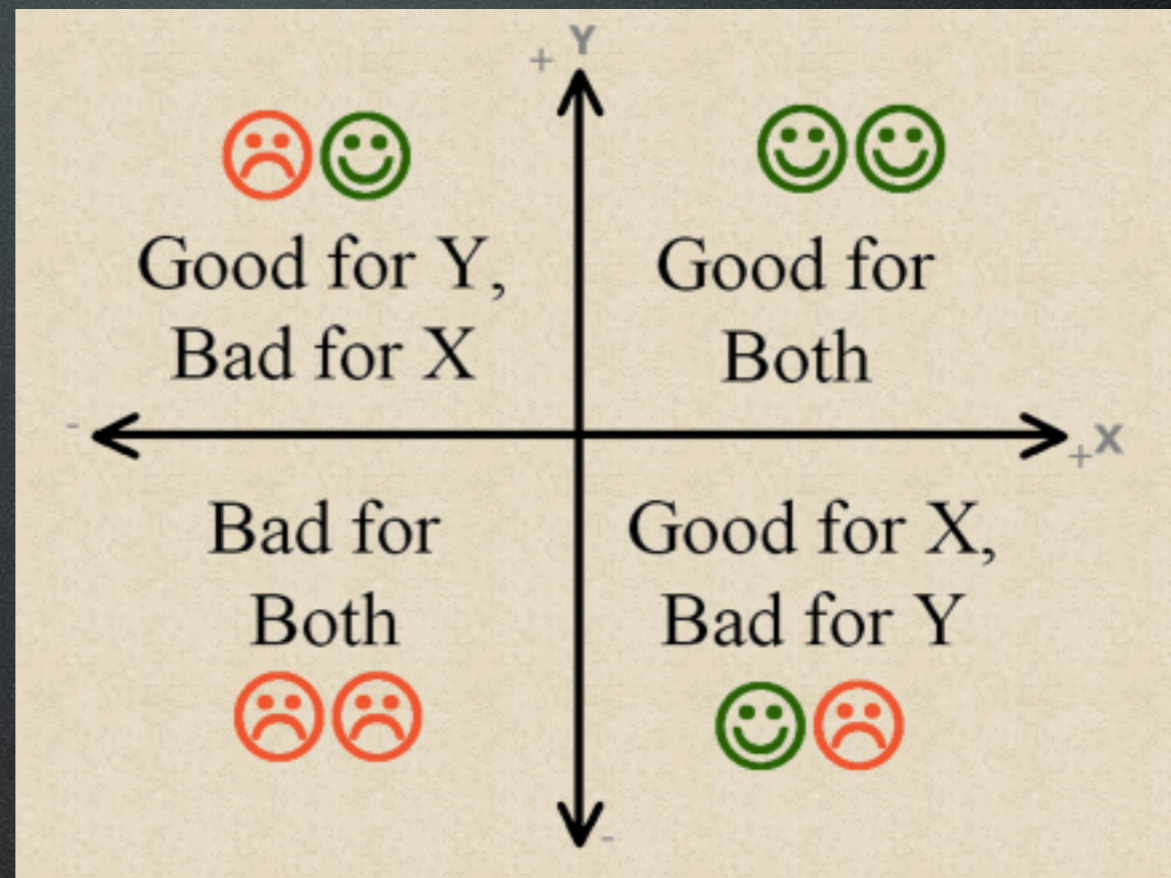

DO THE ONE THING MOST GUITARISTS NEVER PRACTICE

Practice integrating your musical skills together, so you feel like a musician instead of just a guitar player.

4 typy interakcí

- win - lose
- lose - lose
- lose - win
- win - win

win - lose

- **konfrontační** styl: vítězství jedné strany je prohrou druhé
- styl jednání je autoritativní
- cílem je zaměřit se jen na získání toho, co jedna strana chce, bez ohledu na potřeby ostatních.

lose - lose

- **kompromisní** styl: není plně uspokojena ani jedna strana.
- namísto usilování o výhru "kdo z koho" se strany dohodnou, že vzájemně sleví ze svých požadavků

lose - win

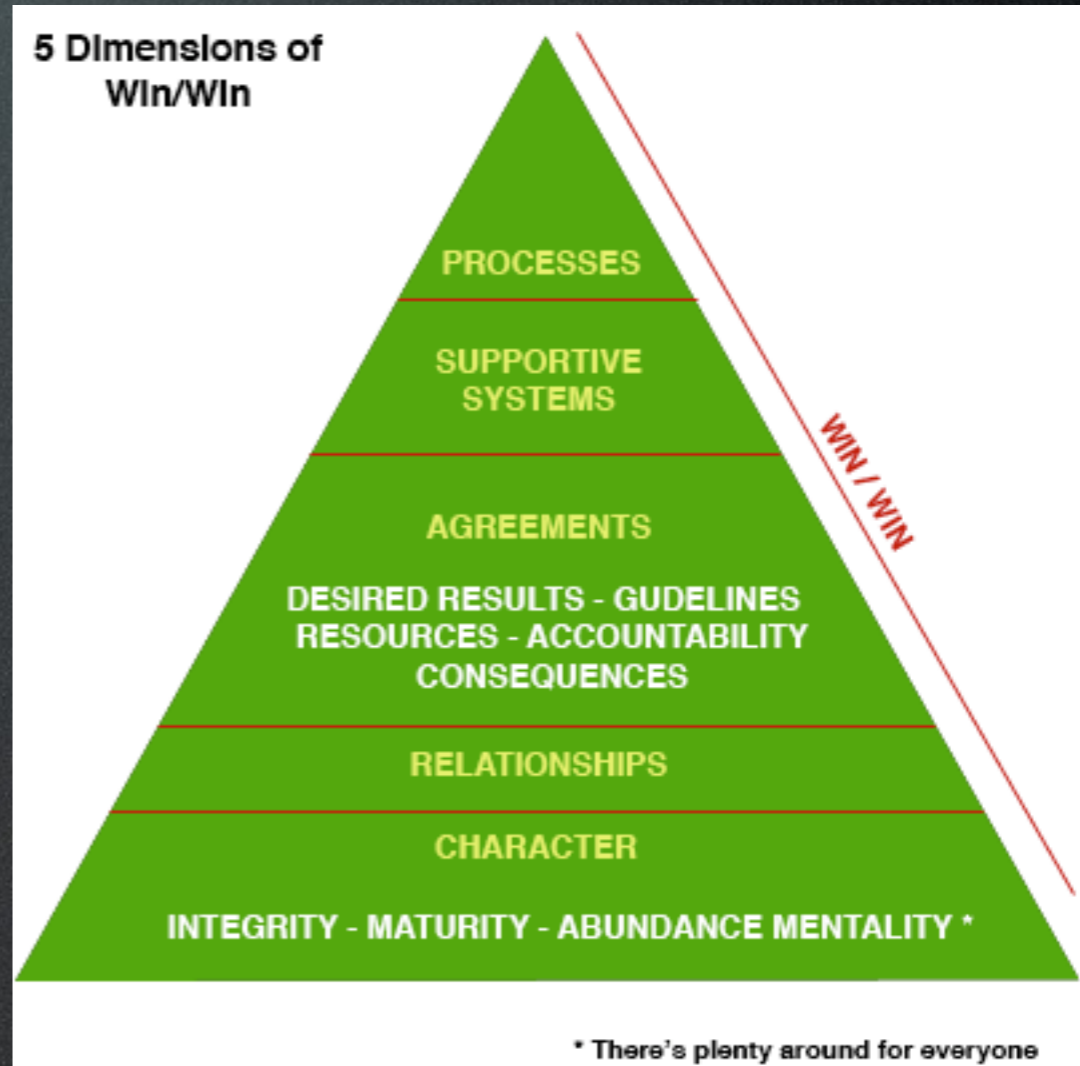

- "rohožkové" jednání
- jedna strana se snaží těžit výhody z principu podřízení (podlézání, citové vydírání)
- permisivita (porozumění a tolerance pro druhé bez kritických připomínek a odsuzujících komentářů a postupů)
- psychosomatické nemoci z potlačované zlosti

win - win

- **kooperativní** strategie: vzájemný prospěch, řešení, které není v přímém konfliktu s požadavky druhé strany
- výsledkem je uspokojení potřeb všech stran, ideálně se **synergickým efektem**: zisk z dohody přesahuje uspokojení potřeb zúčastněných stran
- podporuje dlouhodobé vztahy.

IT DOESN'T MATTER
IF YOU WIN OR LOSE
IT IS HOW YOU

THE GAME

OUR SOCIETY WINS

OUR CUSTOMER WINS

OUR ORGANIZATION WINS

OUR TEAM WINS

OUR RELATIONSHIP WINS

zdravá soutěživost

- agresio - pohyb vpřed, přirozená tendence
- umění unést - zvládnout výhru a prohru
- “výhra” i “prohra” jako příležitost k učení -
co si z toho mohu odnést?
- “výhra” i “prohra” se střídá
- hodnota “výhry” je relativizována

smysluplná soutěživost

- jest:

- ...

- ...

- ...

smysluplná spolupráce

- učí jak se dohodnout, komunikovat, udělat věci spolu, překonat odlišné pohledy
- klíčová je reflexe v procesu učení

co je dobré reflektovat

- Jak jsme k úkolu přistoupili? co podporovalo de/motivaci?
- Jak se nám dařilo zapojit jednotlivé členy? co tomu ne/pomáhá?
- Jak jsme si rozdělili role, posloupnost činností a úkoly?
- Jak jsem se cítil já? Vnímám jsem, jak se cítili ostatní?
- Jak se řešily konflikty a opačné pohledy?
- Je výsledek smysluplný a efektivní?
- Naučil jsem se něco? co jsem se naučil? Co bych potřeboval jinak?
