Sousedí Turecko s Iránem?

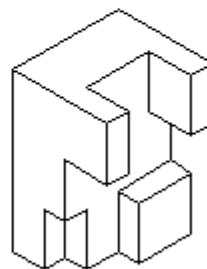

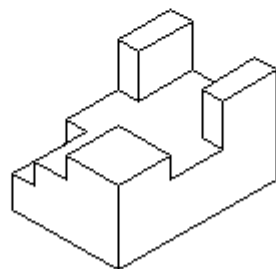

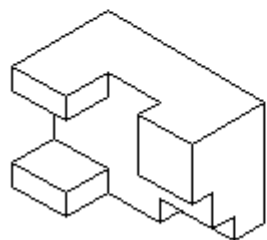

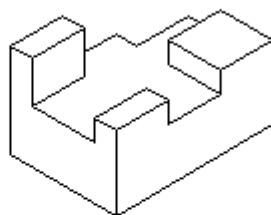

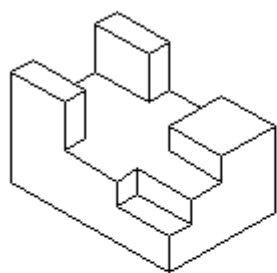

Sousedí Turecko s Irákem?

Sousedí Irák s Afganistánem?

Jsou S. A. Emiráty na západním břehu Arabského poloostrova?

Sousedí Arménie s Tureckem?

Test Object

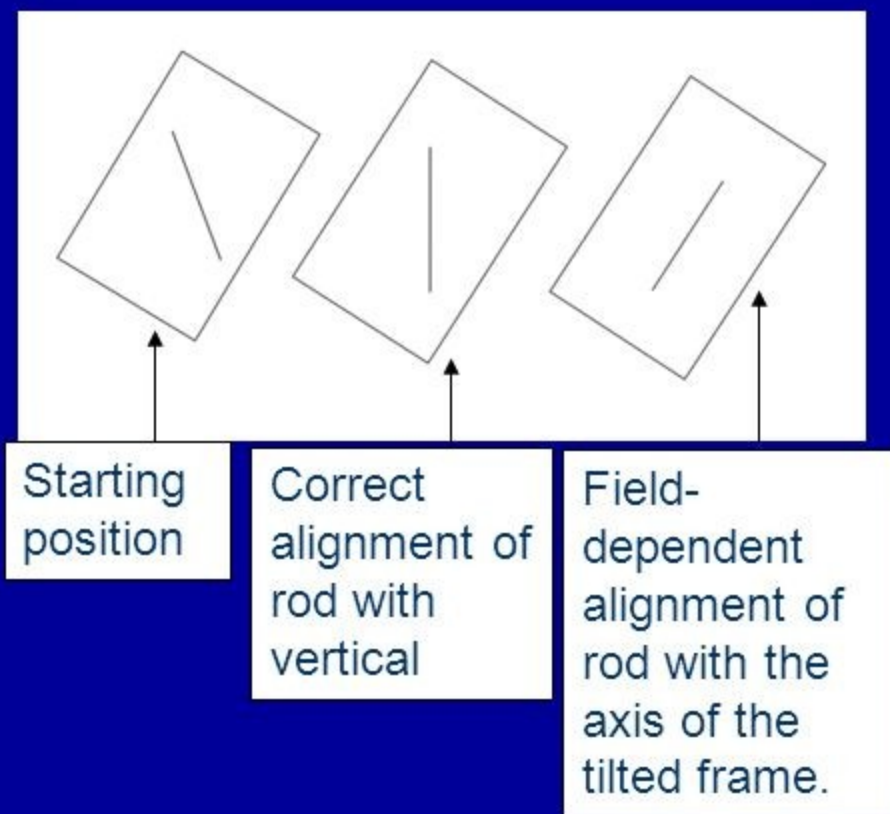

Kognitivní styly:

„verbalizéři“/verbálně analytický styl vs. „vizualizéři“/vizuálně analogový styl

H. Witkin – závislost x nezávislost na poli

The Rod-and-Frame Test (RFT)

- You are sitting in a darkened room.
- All you can see is a luminous, tilted frame, inside which is a movable luminous rod.
- You are asked to adjust the position of the rod so that (unlike the frame) it is truly vertical.
- Some people align the rod with the frame, insisting that it is vertical.
- Others align the rod with the true vertical.
