Artists'
Interpretations
and
Solutions**

Barbara C. Matilsky

The *Ghost Nets* project began in 1990 and formally ended in 2000. It has continued as a research model for Aviva Rahmani's original restoration research: trigger point theory as aesthetic activism.

Ghost Nets site during excavation to Daylight Estuary 1997; stage three of site restoration. Aerial shots by Ben Magro, 1997
