Book

At the end of each class, students are expected to spend 10 minutes reading a book of their own choice. They can then reflect what they have read in the journal.

Journal

Keeping a journal is a part of your continuous assessment. Every week you should write a few sentences about what you have learnt, what you need to work on; you can also write about what is happening in the book you are reading, etc.

You should contribute to the journal every week = even if there is no class or if you do not come to the class.

Journal Assessment

Are there at least ten proper entries in your journal? Have you included your Placement Test results comparison?

Have you included your Smart Goals and reflection on your Smart Goals?

How much have you written? How complex are your thoughts?

Are you able to talk about your journal and take us through it? - you will talk about it during the speaking part of your final test
