

FLASHCARDS

Vypracujte nasledujúcu tabuľku pojmov. Ku každému termínu, napíšte prislúchajúcu definíciu.

Pojem	Definícia
ABC recording	
Anecdotal observation	
Behavior checklist	
Behavior assessment	
Ecological assessment	
Function - based definition	
Social validity	
Target behavior	
Topographic - based definition	
Celeration	
Count	
Direct assessment	
Duration	
Event recording	
Frequency	
Indirect assessment	
Interresponse time (IRT)	
Magnitude	
Measurement	
Permanent product recording	
Momentary time sampling	
Partial - interval recording	
Percentage	

Planned activity check (PLACHECK)	
Rate	
Reactivity	
Repeatability	
Response latency	
Temporal extent	
Temporal locus	
Time sampling	
Topography	
Trials-to-criterion	
Whole - interval recording	
Accuracy	
Believability	
Calibration	
Exact count-per-interval IOA	
Interobserver agreement (IOA)	
Interval-by-interval IOA	
Mean count-per-interval IOA	
Mean duration-per-occurrence IOA	
Measurement bias	
Naive observer	
Observer drift	
Reliability	
Scored-interval IOA	
Total count IOA	
Total duration IOA	
Trial-by-trial IOA	

True value	
Unscored-interval IOA	
Validity	
Systematic manipulation	
Functional relation	
Internal validity	
Maturation	
Instrumentation	
Testing	
Diffusion of treatment	
Single case design	
ABA design	
Multiple baseline design	
Alternating treatment design	
Changing criterion design	
Parametric analysis	
Component analysis
