

ACADEMIC ORACY Feb. 20, 2018

"I Can Talk!" from [Charlotte's Web](#)

Isn't it great, that I **articulate**
Isn't it grand, that you can understand?
I don't grunt, I don't oink, I don't even squeak or squawk
If I wanna say a something, I open up and talk
I can talk, I can talk talk talk, I can talk

I'm pop with **perspicacity**
I'm loaded with **loquacity**
My vocalized **veracity** is tops
Grammatically each pit of me is the verbalized **epitome**
My **plethora** of patter never stops

Isn't it great, that I articulate
Isn't it grand, that you can understand?
I don't grunt, I don't oink, I don't even squeak or squack
When I wanna say a something, I open up and talk
I can talk, I can talk talk talk, I can talk

Its wondrous and mystical
I'm hardly egotistical
Because of this linguistical **aplomb**

But speaking quite **pragmatically**
My self esteem **emphatically**
Dramatically improved since I was **dumb**

Isn't it great, that I articulate
Isn't it grand, that you can understand
I don't grunt, I don't oink, I don't even squeak or squawk
When I wanna say a something, I open up and talk
I can talk, I can talk talk talk, I can,

Spoken: (sheep) – why don't you keep it down --- I can talk!

An exercise in antonyms:
