

SCOTTISH ACCENT

EE Varieties 2021/2022

Ema Bícová

SSE (STANDARD SCOTTISH ENGLISH)

- Distinctive vocabulary
- Result of the contact of Scots with Standard English
- Code-switching and style shifting is equally common in speakers

HISTORY

King James VI of Scotland became King James I of England in 1603

⇒ Court moves to London

⇒ Court poets adapt language and style to the English market

⇒ Scots is eclipsed as a literary language (only English translation of the Bible was available)

In 1707, Scottish and English parliaments amalgamated, but church and educational and legal structures remained separate

⇒ Terminology remains distinct and separate

PHONOLOGY

- **Mostly rhotic**
 - /r/ may be postalveolar approximant [ɹ], alveolar tap [ɾ], or alveolar trill [r]
 - /o/ and /ɔ/ before /r/ are contrasted (different pron. of *horse* and *hoarse*)
 - /or/ and /ur/ are contrasted (*shore* x *sure*, *pour* x *poor*)
 - /r/ before /l/ is strong: occurrence of epenthetic vowel (*girl*, *world* = 2 syllables)
- /w/ is present (*which*)
- /x/ is frequent in Scots and Gaelic borrowings (*loch*)
- /l/ is velarized to [ɫ]
- /p/, /t/ and /k/ may not be aspirated
- ending *-ed* may be realized as /t/ (*ended*)
- ending *-g* is dropped (*endin'*)
- glottal stop may be an allophone of /t/ after vowels

VOWELS

- no /ʊ/, instead transferring Scots /u/ = [ɯ] or [ɯ] (*pull* & *pool* = homophones)
- no /æ/-/ɑː/ distinction (*bath*, *trap*, *laugh* & *palm* = same vowel)

AITKEN'S LAW

Scottish Vowel Length Law = Aitken's Law (A.J. Aitken)

- Vowel length is conditioned by the target vowel's phonetic environment
- Vowels and diphthongs are short, except in these environments, where they are long:
 - Before /r/.
 - Before a voiced fricative (/v, z, ð, ʒ/).
 - Before a morpheme boundary.
 - In a word-final open syllable, save for the HAPPY vowel /e/ (or, in Geordie, /i/).

HOW TO DO A SCOTTISH ACCENT IN UNDER 2 MINUTES

Matt Pocock

SCOTTICISMS

What a dreich weather! – What a lousy weather!

You'd better just caw canny. – Don't overdo it.

Just play the daft laddie. – Play stupid.

Cheers. – Thanks.

Ach, away ye go! – I don't believe you.

I'll come round (at) the back of eight. – I'll come round just after 8.

Oan yer bike pal. – Go away.

Hello. – Awright ya?

Aye. – Yes.

Ah cannae dae tha. – I can't do that.
