

Hungarian II.

JS2025

Teacher: Mgr. Linda Drahošová Opálená

Email: linda.opalena@mail.muni.cz

Dear students,

I would like to welcome you all to your Hungarian II. course and invite you to get familiar with the syllabus I have created for you to get better organized and follow your progress with the study of the subject according to the corresponding week.

General rules:

Time: according to your timetable

Place: our respective classroom; I do allow the students who feel their Hungarian is good enough to pass the exam successfully, only to sit the exam, they do not need to follow the lessons. If you would like to use this option, please **let me know via email**.

Materials: **MagyarOK 1**. You have your materials for this semester ready in IS in your Study Materials folder. You do not have to print them all, but of course you can. I would recommend printing the **TK** (Tankönyv or Student Book) and the **MF** (Munkafüzet or Workbook) materials because you will have to either write or make notes in these. There are two more additional files **MF_Megoldókulcs** and **TK_Megoldókulcs** or the Answer Keys for your Workbook and Student Book (you can use these to check whether your answers are correct for any exercise we will work on this semester), but it is not necessary to print them. There is generally quite a bit of notetaking during the lessons, especially for translation, pronunciation, or grammar and I find it easier to do it directly in the printed sheets, but of course, you are free to choose your style. Part of the materials are **Glossaries** with the obligatory vocabulary and a **Grammar file** in English (you are not required to study all of this grammar, it is a grammar file for the whole book, so no worries, I am sure you will manage 😊). All the **audio files** are also available for further home revision and practice.

A useful link to check the right forms of the suffixes: <https://en.wiktionary.org/wiki/reggel>

Requirements: You need to pass the **final test** of 100 points (you need to receive **at least 70 points** to pass the subject)

Study plan according to weeks:

Week 1

TK: **U3** page 40-43 (Hogy vagy?; Használati tárgyak)

MF: page 16/ a létige VAN; page 17/ex. 3,4; page 22/14; page 18,19/ex. 5,6,7,8,9

Week 2
