

## Introduction to Translation – Winter Semester 2004

### Final Translation Results – Friday Groups

These are the first results, there will be some adding/revision after the second deadline and after I get the resits.

Mind - **you only have to resit the part you failed** (i.e. either translation or the theory test) – unless, of course, you failed both.

The second deadline for final translations is Wednesday, February, 16<sup>th</sup> (12 am).

The theory test resit takes place on Friday February, 11<sup>th</sup> (10 am, room 5).

Students with an F from the final translation are advised to come and collect their translations – to see what was wrong. For people taking the theory test on Friday Jan,28<sup>th</sup> it might be convenient to collect their translations before or after the test (8,30 - 9,30 or 11,00-12,00) A new text for the resit is posted in the elf.
