

Introduction to Translation – Group C

Final Translations – Results

Posted 9 Feb, 2004. I apologize I was not able to post the results earlier.

The table below only gives the results of the two translations; test results are not included.

Columns **Revol.** (=Revolution of our Times) and **Lit. text** (=Gabriel-Earnest) give the results for the individual texts, the *Max* line shows maximum possible points for each column.

(K1-K3, Ch, St, and B are “internal checkpoints” that helped me constitute the result for the non-literary text.)

Those who did not happen to pass the translation, please translate the “resit” text (only one text) given in frame 13 of the e-doll page. The deadline for these translations will be **noon, 23 February**. Please hand them in to the secretary (or me, if you find me); do not send them by e-mail unless absolutely necessary.

UČO	K1	K2	K3	Ch	St	B	Revol.	Lit. text	Total
<i>Max.:</i>	5	5	3	5	5	5	28	12	40
Passed:									
74708	5	5	3	4	5	4	26	11	37
74722	5	5	3	4	5	4	26	7	33
