

Dear friends and colleagues,

This is to express great THX to everyone who made MutaMorphosis: Tribute to Uncertainty what it was.

Special thank you goes to the (heroes) Attractors and their efforts within preparatory phases, incl. evaluations, selection as well as organizational processes.

At CIANT, we are extremely happy that you had good time in Prague and we do hope the collaboration is to be continued (proceedings, book etc.)

Videos: Coming soon...

Let me also thank all the partners, supporters and collaborators. It was worth it!

Wishing you all peaceful holidays!

Pavel Sedlak
