I saw that the camera could be a weapon against poverty, against racism, against all sorts of social wrongs. I knew at that point I had to have a camera.

Dear Friend,

I am black.

I am sure you did not realize this when you made/laughed at/agreed with that racist remark. In the past, I have attempted to alert white people to my racial identity in advance. Unfortunately, this invariably causes them to react to me as pushy, manipulative, or socially inappropriate. Therefore, my policy is to assume that white people do not make these remarks, even when they believe there are no black people present, and to distribute this card when they do.

I regret any discomfort my presence is causing you, just as I am sure you regret the discomfort your racism is causing me.

Being black males in  
recent years with a  
higher rate of being shot  
by police than their  
white counterparts  
The 1st 17 dead police officers  
were captured in the  
line of duty that black  
15% were killed at a rate of  
3-7 million while just 1-4  
million white males  
were shot at the hands  
of police officers  
The numbers are  
grim: the higher  
the number of black  
men officers of  
white officers  
debate / protests  
are not
