

Chapter 9	The Earth Changing Surface
Section 1	Weathering
	Physical weathering 425
	Chemical weathering 426
	Mixed weathering 428
	Rates of weathering 429
	From rock to soil 431
Section 2	Erosion
	Erosion by running water 438
	The formation of a river valley 441
	Erosion by glaciers 443
	Erosion by more than one agent 445
	Controlling erosion 447
Section 3	Deposition
	Deposition by running water 454
	Stream erosion and deposition 457
	Deposition by wind 459
	Deposition by glaciers 461
Chapter 10	The Restless Crust
Section 1	Volcanoes
	The power of a major volcanic eruption 471
	Why some eruptions are so violent 475
	Volcanic landforms 477
	Where volcanoes occur 480
Section 2	Stress, Structure and Earthquakes
	Rocks under stress 485
	Movement along a fault 489
	What is an earthquake? 494
	Earthquake damage 497
Section 3	Plate tectonics
	The interior of the earth 502
	The theory of continental drift 504
	The theory of plate tectonics 508
	Pangaea 511
