

Pts	Metabolism of saccharides	Note
20	Describe the pentose cycle – formulas, names!	
	Describe the oxidative decarboxylation – formulas, names, coenzymes!	
	Describe the glycolytic pathway – formulas, names!	
15		
10	Describe the starch degradation – enzymes, products!	
	What is glucose resynthesis (gluconeogenesis) – describe important steps different from glycolysis!	
5
