

JAPO4 for Geologists

Written assignments

- 1. Translation** from the original source of your presentation.
Length: 2 - 3 pages, size 14, lining 2 (make space for my notes)
Form: printed. Hand in together with the readable original text and clearly marked translated part as soon as possible if you want to sit for your JA002 exam in April, or one week before the exam.
Remember it is part of your written exam and influences your grade.
- 2. Abstract** of your presentation – email to
by March 17th. I need your abstracts by March 20th; otherwise you cannot participate in the conference on April 7th.
Remember to put your name and the title of your presentation.
Length: 6-8 lines
Caution: The text is supposed to be fully understandable as an independent text. It is written in the 3rd or 1st person sg.
This is your written credit task, but the real purpose is to inform the participants of the conference about your presentation so if you want some audience, make it sound attractive.
- 3. Updated CV.** You can download the form on <http://verahranac.wz.cz/>

Presentation

Length: 8 minutes

Topic: concerning your field of study (geology or geography), using sources in English, and bringing new information to your classmates.

You will perform your presentation individually to me on March 30th – this is your oral credit task.

Good performers will be invited to take part in a simulated conference on April 7th, and thus will pass their oral exam.
