

# Laboratory of Functional Genomics of Protists is accepting **BSc., MSc. and PhD students!**

Are you a motivated student?  
Want to learn innovative molecular biology and  
biochemical techniques?  
Want to identify potential drug targets  
of human pathogenic parasites?

## **JOIN US!**

Our small group allows us to focus on your individual training  
and prepare you for a successful career in science.

**RNDr. Alena Zíková, PhD**  
**Institute of Parasitology, České Budějovice**
