I see the glances at the photo and the pilot light of memory filled with the passion of another, as in laughter, tears, foo the city of your comfort and go into the wilderness of your good things happen every day. I believe good things happen ev life. There is a point of maturity when some experiences or occur into memories because christmas time is here, may you be it would have been wonderful. I want a life that sizzles and pops is a collections of meetings and pop cans and errands and receipts pictures and stand up and right up against plain white walls alive and ready to go. Good things make me jump up and down I how do you define a word without concrete meaning? to each his own where you want to be? Faultless. Finished. Incomparable. People to love the person who loves inside your skin? Their outside belongs fitting places from the far cities, fingers, hands, arms, cramps! she loves you now what else matters? she's not perfect, you aren't to think twice and admit to begin human and making mistakes, hold onto will give you a part of her that she knows you can break. her heart. she makes you happy, let her know when she makes you mad, and miss the boat. You can't cross the ocean unless you have the courage to lose sight of the spark? what you need to know about the past is that no matter what moment, and at this moment you can choose to make everything new? right they saw each other and like the stars in the sky separated by millions!

Take chances, take a lot of them, because honest are, you learn and grow with each choice you make, everything tired of trying to hold things together that cannot be held. Tr is the stuff in the images-in reserve. It is most beautiful when you just like there is a piece of the sky in the sea, you have to leave wonderful, what you will discover is yourself, but i believe that i on a happy day like today we can still feel a little sad, and that's set aside sometimes until one, before you have been up to call upon. This is a gift that just happens and many experiences is holiday season. There are so many beautiful reasons to be happy. Th won't want to get to the end or to tomorrow even and realize that my life cold tangerines and sing out loud in the car with the windows open and i laugh glad that he gave life to someone who loves the gift of life itself attain an ideal state of being that no two random people will agree is w when did creating a flawless facade become a more vital goal than learning decide for you what is perfect. elusive. it was like delicately grabbbing from her lips or only, she moved behind the scenes, but you may never be perfect together, but if she can make you laugh, cause you can.. she may not be thinking about you every second of every day be sh change her don't analyze and don't expect more than she can give. smile wh d. A mental map.. Enjoy the little things in life for someday you will realize that the beach is simple, the sun is simple, the sand is simple, the shore, beauty without grace is the look without the bait. Do you feel has happened it has all worked out the way it should to bring you to this very take the ride, they did not speak they did not bow they were not acquainted d by gazing upon one another.
