

**Benjamin Herfort, Ph.D.**

Research Assistant, GIScience Research Group, Heidelberg University

Research Associate, Heidelberg Institute for Geoinformation Technology

Research Interests

- volunteered geographic information (VGI)
- crowdsourcing geographic information
- geoinformatics for disaster management and humanitarian aid

Presentations

Heidelberg University and HeiGIT

—

**Knowledge and technology transfer from fundamental research in
geoinformatics to practical applications**

Tuesday 5 March 2024, 10:00-11:00 / úterý 5. března 2024, 10:00-11:00

Department of Geography, building 5, room Z4 / Geografický ústav, budova 5, místnost Z4

**The potential of humanitarian and AI-assisted mapping in
OpenStreetMap and their effect on representation bias and data
quality**

Thursday 7 March 2024, 16:00-18:00 / čtvrtek 7. března 2024, 16:00-18:00

Department of Geography, building 5, room Z4 / Geografický ústav, budova 5, místnost Z4
