

Odborná témata pro ústní část ZK B1 / Biologie 2006

ACADEMIC LIFE, UNIVERSITY, BIOLOGY

CELLS (e.g. structure, cloning)

MICROORGANISMS (e.g. bacteria)

PLANTS – PHYSIOLOGY (e.g. photosynthesis)

- MORPHOLOGY (e.g. plant system)

ANIMALS – PHYSIOLOGY (e.g. circulatory system)

- MORPHOLOGY (e.g. body parts)

- HUMANS

CLASSIFICATION OF SPECIES

DIVERSITY AND EVOLUTION

INTERACTIONS OF ORGANISMS (e.g. ecology, behaviour)

Within the scope of the topics you can be asked to compare particular species, to describe causes and effects of some phenomena, describe a process, etc.

Classification

Cause and effect

Comparing

Describing (appearance, process)
