

Lesson 2 – homework key

Ex.8

a]

1. chemistry
2. chemist, chemistry
3. chemical
4. chemist
5. chemical
6. chemistry

b]

- |                    |                 |                        |
|--------------------|-----------------|------------------------|
| 1. liquid to gas   | to evaporate    | evaporation            |
| 2. gas to liquid   | to condense     | condensation           |
| 3. solid to liquid | to melt         | melting / liquefaction |
| 4. liquid to solid | to solidify     | solidification         |
| 5. solid to gas    | to sublimate    | sublimation            |
| 6. gas to solid    | to desublimates | desublimation          |
