15TH RODENS & SPATIUM

INTERNATIONAL CONFERENCE ON RODENT BIOLOGY

JULY 25-29, 2016

OLOMOUC, CZECH REPUBLIC

Plenary speakers:

prof. **Ottar Bjornstad** (Penn State University, U.S.A.): population ecology and population dynamics with particular emphasis on mathematical and computational aspects

Dr. **Gerald Heckel** (University of Bern, Switzerland): evolutionary biology from speciation and reproductive isolation, over colonisation and invasion processes, host-pathogen co-evolution, the molecular ecology of mating systems to the evolution of behaviorally-active genes

prof. **Nancy Solomon** (Miami University, U.S.A.): ecology, reproduction and behaviour of small mammals

Dr. **Stuart J. E. Baird** (IVB ASCR, Czech Republic): evolutionary biology, spatial genetics, population genetics, bioinformatics, hybrid zones

Ecology of soil Microorganisms 2015

Microbes as Important Drivers of Soil Processes

29.11. - 3.12. 2015, Prague, Czech Republic

- Decomposition and Carbon Cycling
- Soil Biogeochemistry and Nutrient Cycling
- Biodiversity and Functioning of Agricultural Soils
- Biodiversity and Functioning of Forest Soils
- **Interactions among Micro- and Macroorganisms**
- **Microbes in the Changing Environment**
- Microbial Life in Contaminated and Anthropogenic Soils
- Archaeomicrobiology, Paleomicrobiology and Microbial Forensics

2016 4th International Conference on Bioinformatics and
Computational Biology

ICBCB 2016

Kuala Lumpur February 2-3, 2016

The aim objective of ICBCB 2016 is to present the latest research and results of scientists (**preferred students, PhD Students, and post-doc scientist**) related to Bioinformatics and Computational Biology topics.

Paper Submission (Full Paper) Deadline: **October 10, 2015**

Student Conference on Conservation Science 2016

22-24 March 2016, Cambridge, UK

Most delegates are Masters or PhD students, or are working at a similar level in a conservation organisation.

The conference is extremely international with over 60 countries represented each year.

Deadline for applications: **23 October, 2015**

<http://www.sccs-cam.org/overview.htm>

ICCB 2016 : 18th International Conference on Conservation Biology

April 22 - 23, 2016, London, UK

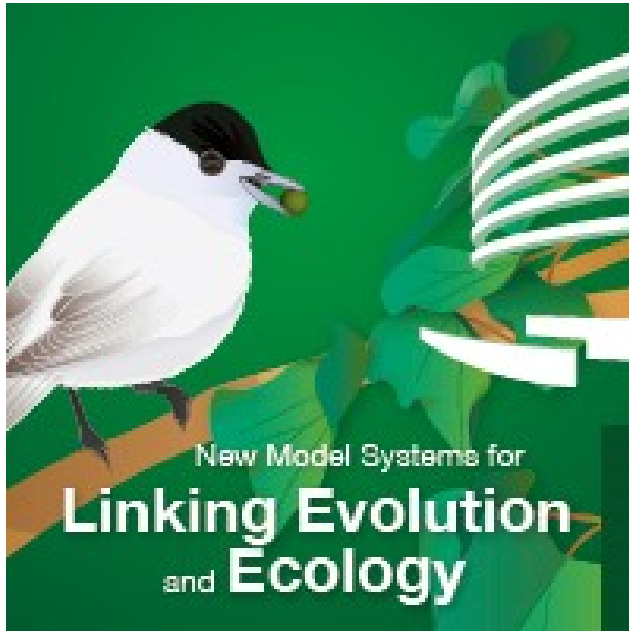

...interdisciplinary forum for **researchers, practitioners and educators** to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the field of Conservation Biology.

Paper submission deadline: **October 22, 2015**

EMBO/EMBL SYMPOSIUM New Model Systems for Linking Evolution and Ecology

8 May - 11 May 2016, EMBL Heidelberg, Germany

...focuses on the **interface of ecology and evolutionary genetics**, with special emphasis placed on the interaction between organisms as a basis for understanding ecological adaptation. **New sequencing-based methods are bridging the gap** between modern genetics and systems-level ecological studies...

- Genotype-phenotype map
- Interorganismal interactions
- Ecological genomics
- Evolutionary genetics
- Landscape genomics
